

TECHNICAL DATA SHEET

FOREVER

CHARACTERISTICS

Liquid additive softener with a long lasting perfume.

Forever is a concentrated liquid softener to be used in professional laundries with professional washing machines.

Forever contains microcapsulated essences which are activated when the fabrics are worn or rubbed, even several weeks after the washing.

The use of the technology “Touch Release” gives the fabrics a pleasant sensation of clean even when they are washed and dried in the dryer and it sets a new olfactory experience.

It is indicated for any type of linen in natural or synthetic fibres (except polyester microfiber) and it can be dosed manually or using automatic dosing system.

- **Fresh and pleasant long lasting perfume which reactivates itself when you wear or rub the fabrics**
- **Infinite freshness**
- **Great softness**
- **Antistatic action**
- **It does not accumulate – high performance and yield**

APPLICATION AND DOSAGES

Use manually or with automatic dosing systems in the last rinse.

The dose may vary according to the conditions and the kind of fabric to be washed

Recommended dose for 1 kg of dry linen: from 2 to 8 gr. of the product.

CONTENTS /TECHNICAL DATA
